## SOLID TYRE MORE THAN JUST RUBBER

[www.hiapsengtyre.com.my](http://www.hiapsengtyre.com.my)

**Strong impact resistant**  
**Puncture resistant**  
**Enhanced stability**  
**Greater comfort**  
**Maintenance free**

Apachi tyres are best fitted on extensive operations and slow speed vehicles with high loading capacity particularly:

- ▶ forklift trucks and
- ▶ trailers.

They are designed to withstand strong impacts while offering greater comfort, stability, puncture resistance and free of maintenance.

### DESIGNED FOR TOUGH APPLICATION, COST EFFECTIVENESS AND DURABILITY

## APACHI V-Rib

APACHI V-Rib

NEW

APACHI V-Rib 2

## FEATURES AND BENEFITS

- Wide tread pattern for superior stability, balance and longer tyre life
- Wide lug for greater traction, braking and high cut resistance
- Special low rolling resistance compound for fuel saving
- Reinforced base compound for high load capacity

### TECHNICAL DATA

Size	Pattern	Rim	Overall Diameter mm	Overall Width mm	Tyre Weight kg	Tread Depth mm
5.00-8/3.00	V-Rib	3.00	450	110	16.70	17.80
18 X 7-8/4.25	V-Rib	4.25	440	150	20.50	18.20
6.00-9/4.00	V-Rib	4.00	520	140	26.50	18.40
6.50-10/5.00	V-Rib	5.00	560	160	37.60	18.30
7.00-12/5.00	V-Rib	5.00	640	165	42.40	17.80
7.00-15/6.00 *	V-Rib	6.00	705	160	51.50	27.90
8.15-15/7.00	V-Rib	7.00	690	190	58.80	23.50
8.25-15/6.50	V-Rib	6.50	820	200	100.50	24.00

\* available in V-Rib 2

## APACHI Slick Master

## FEATURES AND BENEFITS

- Wide contact surface for maximum stability and balance
- Smooth surface for maximum traction, braking, carrying load, chip and chunking resistance
- Special low rolling resistance compound for fuel saving
- Reinforced base compound for high load capacity
- Widely used in sea port operations for trailers

### TECHNICAL DATA
